

SM0700 Provision of Freight Forwarding Services

This contract package includes general freight forwarding services, excluding customs clearance services, with experience working in the international marketplace. This contract package also includes the delivery of goods using a variety of different delivery means such as barge, ships, trucks, railroads and airplanes to remote parts of Newfoundland and Labrador, which may be impacted by seasonal limitations. Services to be rendered from offices in Newfoundland and Labrador include the clearing, construction, operation, maintenance and management of material marshalling yards.
